

# Success Spell

Timing: Thursday (anytime)

Moon Phase: Waxing

## Supplies:

- Orange Candle
- Orange Paper (a square will do)
- Quartz or Citrine Crystal
- Gold thread
- Orange or Gold bag (like a little organza bag or one you make yourself)
- Pen – a gold one would be great for added intention but any will be ok
- Smudging tools to cleanse yourself

**\* You will need a trinket that represents what you desire, EG: A coin if you wish to attract success in your job or wealth**

## The Ritual:

- 1) Set up your supplies on an altar or little table
- 2) Smudge yourself and your space
- 3) Cast circle or place a bubble of white light around your space for protection
- 4) Light the orange candle & think about the success you desire for a few moments – visualise yourself already having it
- 5) Write down the success you desire on the paper
- 6) Roll the paper up like a scroll & place in the bag
- 7) Hold the crystal to your lips & speak your desire into it. Place it in the bag along with the scroll & your trinket
- 8) Hold the bag & chant:

*Success, Success I draw you to me*

*I shall have my desire come to thee*

*By the power of 3 x 3, success I attract*

*So mote it Be*

- 9) Close circle
- 10) Keep the bag on your person until you attract your success then bury it in your garden.
